

Alphabet Flashcards for *Word Mastery*

Copyright © 2014 by Donald L. Potter

These Flashcards are designed to help teachers and parents teach the youth of today the high-level reading skills of an effective phonics-first reading method.

There are only two basic ways to teach reading: from the “sounds” or from the “meaning.” A student that learns to read from the “sounds” using phonics-first, with no admixture of sight-words or whole word guessing, will develop guessing free reading abilities and high comprehension. *Word Mastery* is a pure phonics-first method for teaching high levels of reading literacy “from the sounds.”

The first step in reading is to know the alphabet well. The first thirty-three lessons in *Word Mastery* teach the entire alphabet and simple short vowel words that can be written with them.

These flashcards are presented to you free from Donald L. Potter’s www.donpotter.net website. These cards may be used freely for non-commercial educational purposes.
